INSIGHTS

KEY INSIGHTS

- 2000 transfers were carried out for a total of 1972 players listed in the dataset.
- The youngest players are 16 years old; the average age is 25 years and the oldest player is 37 years old.
- 60 countries of origins are listed and 58 destination countries are available for transfers.
- 11 countries have just 1 player in the dataset.
- The countries with most players listed are England, Italy, France, Spain and Germany.
- The positions with the highest average age are Goalkeeper, Right Midfield and Left Midfield whereas Second Striker, Defence and Attack has the lowest average age.
- 524 out of 1972 players are On Loan. Centre-forward is the position with most players transferred and where most players are On Loan. On the other side, Attack and defence are the least-demanded positions. 15 positions are listed for the season transfers.
- The Top 5 clubs in terms of Market Value and Feed Paid for transferred players belongs to Premier League.
- Right-Winger is the most expensive position listed with a worth estimated in 95 million
- 15 players are under 18 years, with a total Market Value estimated in 12 M and around 70 M for fees paid, are going to play in European clubs located in England, Italy, Spain, France and Germany.
- Southampton FC is the club which has transferred the highest number of new players (4), followed by Leeds United, Chelsea and Brighton with 3 players each. For this reasoning, new players were considered as those whose ages ranked between 18 - 20 years old.
